

NEW RANGE OF LEAF TEAS

FOR IMMEDIATE RELEASE
July 2008

EAST HANOVER, NJ –Harrisons & Crosfield Teas Inc. has expanded its line of English quality teas to include a comprehensive range of high-end leaf teas in boxes.

Al Sharif, president of Harrisons & Crosfield Teas Inc., with 15 year's experience in the English tea business, notes "the tea industry has expanded greatly as consumers have switched to tea for its' acclaimed antioxidant health benefits. This has caused a lot of people jumping into the tea business without the proper background or knowledge. As a result, there has been a surge of poor quality teas hitting the market."

Mr. Sharif, along with his London based British Tea Buyers, who have over 30 years experience in selecting teas, have developed a range of premium teas crafted to the highest British quality standards. To better serve their customers, Mr. Sharif encourages "buyers and store managers to taste the teas to get a better sense for what they are selling"

The newest line of superb quality hand-plucked leaf teas includes black, green and organic teas with natural flavouring. The teas are imported from England in bulk and packaged in the U.S. to provide the freshest product possible.

The organic teas are certified NOP in England by Organic Farmers & Growers (OF&G) and again in the U.S. by Pennsylvania Certified Organic (PCO) and are Kosher certified, many for Passover by National Kashruth of Monsey, NY.

The extensive range of leaf teas in elegant black and gold stamped 4.41ounce boxes includes:

Assam – Doomun Dullung Single Estate, English Breakfast, English Rose Garden, Darjeeling – Lingia Single Estate, Formosa Oolong, Imperial Gold, Irish Breakfast, Organic Black Tea with Blackcurrant, Organic Earl Grey, Organic Green Gunpowder, Organic Black Tea with Mango, Scottish Breakfast

About Harrisons & Crosfield Teas

Harrisons & Crosfield is unique in that its U.S. based staff works closely with its London based tea blenders to create teas that meet or exceed renowned British tea industry quality levels & appeal to American tastes. These gourmet English teas are then shipped to the U.S. for packaging to guarantee freshness. By combining British tea and American tea industry expertise, Harrisons & Crosfield is able to create white teas, green teas, black teas, flavored teas and herbal teas products that have the superior quality traditional English tea blending provides, yet package these gourmet teas in the form Americans want: organic teabags, organic loose leaf tea, pyramid nylon teabags (silken sachet), tagged teabags and iced teas for food service tea and retail teabags packaging. The wide line includes all naturally flavored white teas, flavored black teas, flavored green teas and flavored herbal teas as well.
